:: Employment ::

December 2008 – Present - Freelance – Post Production Artist.

After six and a half years working for production companies I have decided to go it alone. Working for companies ranging from London to San Francisco, I have the ability to work remotely to deliver the clients needs. Since December 2008 I have worked for companies such as Canon, Blackberry, Nokia, Dove, Innocent, L'Oreal, Unilever, LA Fitness, RAC, VirginActive, Kenwood & Aviva. I have been lucky enough to work on several features, including 2011 thriller CURIO shot on the RED ONE, as an on-set post production supervisor/data-wrangler, offline/online editor, VFX artist, colourist and delivery creation for DVD, Blu-Ray and digital cinema projection. The movie has won several awards including Best International Editor at the LA Movie Awards.

June 2007 – November 2008 - ROK Motion – Head of Post Production.

Responsible for all post production work through the company. This included supervising the offline/online of a 35mm short, and delivering graphics for compositing to the post house Smoke & Mirrors. Plus the supervision of the offline and personally onlining and colour correcting six 30 minute episodes for a actors master-class series.

Daily duties would include editing, motion graphic animation, colour correction, compression and delivery of content for either DVD or web. Content included 4 short form comedy series each contenting 10 five minute episodes. Also worked as lead animator on 2 satire series with 5 episodes each. Technical editor on the Canary Wharf Film Festival 2007/2008, involving ident animation, preparing over 100 shorts for digital cinema projection.

Also responsible for training juniors on applications such as Final Cut Pro, After Effects and Shake. Plus managing our remote audio post artist to ensure best workflow and quality in product delivery.

June 2002 – May 2007 - Production TLMH Ltd – Post Production Supervisor.

Working as the main editor, motion graphics artist, colourist, animator and compressor. Developing the post production workflow for all video jobs through the company. Clients included the University of East London and the National Health Service.

Structuring the edit suite for client screenings, editing/grading sessions. Supervised the offline of a feature length documentary, performing the online, including the conversion and grade of digibeta footage supplied in both PAL and NTSC formats.

:: Equipment ::

Hardware - 8-Core iMac i7, 2x 23" Cinema Displays, Sony HDV Deck, 8TB Thunderbolt Storage, 8TB Back-up.

Software - Final Cut Studio 2010 (Final Cut Pro 7, Motion 4, Color 1.5, DVD Studio Pro 4, Compressor 3.5), Adobe Production Premium CS5 (After Effects, Premiere Pro, Photoshop, Illustrator, Flash, Encore, Audition), REDCINE-X PRO, Maxon Cinema 4D R12, PF Hoe 2.
